DEMMELE ECOLINE SERIES

Welding and Clamping Tables

► About Us

Located in the Illawarra district on the south coast of NSW, Leussink is not just an engineering company; it's an embodiment of relentless pursuit.

As a proud family-owned and operated business, Leussink thrives on embracing new challenges and engineering achievements. For more than 40 years, we've taken on engineering challenges that others might shy away from.

Leussink specialises in providing customised engineering solutions, state-of-the-art modular welding and fixturing systems, foundry equipment, and on-the-go metrology solutions. We've partnered with some of the most iconic businesses in Australia and New Zealand, spanning manufacturing, resource, defense, automotive, and production industries.

Leussink is the exclusive partner and distributor of German-made Demmeler modular fixturing systems in Australia and New Zealand.

We deliver market-leading, world-class Demmeler fixturing tables and accessories for Australian businesses across a variety of industries. Every solution we recommend has been rigorously tested and approved in our own factory.

At Leussink, we don't just sell welding tables; we provide tailor-made fabrication solutions designed to meet your unique business needs.

From system design to after-sales support, implementation, and training, our decades of experience and knowledge empower us to create solutions that boost efficiency, productivity, quality, and precision.
